

## **WARNING – PROPER USE**

Any unauthorized modification to or use of this equipment in noncompliance of the instruction manual and/or outside of the equipment's specified mechanical, electrical, or other operating limits may cause personal injury and/or property damage, including damage to the equipment. Any such unauthorized modifications: (i) constitute "misuse" and/or "negligence," as described in the product warranty, and therefore warranty coverage is excluded for any resulting damage.

"Reuse" is defined as any equipment that is removed after its first installation and re-installed. The equipment must be in good working condition by meeting all inspection and testing requirements, as set forth in this manual, to qualify for reuse. Under no circumstances should the equipment be reused in the event the equipment does not meet all such inspection and testing requirements. This equipment should not be used or installed for more than three (3) years. At the expiration of three (3) years, the equipment should be scrapped and replaced with new equipment. Under no circumstances should the equipment be reused after the expiration of the three (3) years. The User shall follow all instructions provided in this manual for the reuse of qualified equipment.

ITT Cannon LLC d/b/a BIW Connector Systems makes no guarantee, warranty, or representation (express or implied), including but not limited to, warranties as to the quality, condition, performance, merchantability, fitness for any particular use, or otherwise regarding the reuse of any equipment.
